Use your facemask correctly to protect yourself and others

Do:

- Clean your hands before touching a facemask.
- Make sure your facemask covers your nose, mouth and chin.
- Adjust your facemask on your face to avoid gaps on the sides.
- Remove your facemask by touching only the strings or ties.

Do not:

- Wear the facemask under your nose or chin.
- Touch your facemask while wearing it.
- Remove your facemask when you are within 6 feet of someone else.
- Use if your mask is dirty or damaged.

Reminder:
Wash your hands before and after using or touching a facemask.
